4 EXCLUSIVE ISLANDS • ONE AUTHENTIC CARIBBEAN EXPERIENCE

ANTIGUA

The largest of the English-speaking Leeward Islands, Antigua is renowned for its 365 white-sand beaches and impressive maritime history. Its rich culture, fine restaurants and local nightlife offer an array of activities and sightseeing possibilities. History lovers can explore Nelson's Dockyard, a UNESCO World Heritage Site. Located in picturesque English Harbour, its Georgian-style naval buildings date back to the 18th century. The marina also hosts popular sailing and yachting events. The island's pristine beaches and beautiful coral gardens are the perfect setting for swimming, snorkelling, scuba diving, kayaking and windsurfing. An interior rainforest attracts hikers and zip liners, while other land-based activities include golf, tennis, cricket and more.

BARBADOS

From the trendy to the charming, Barbados delights with its wealth of contrasts. A flat coral island, its landscape is dotted with rolling hills. The island's friendly, laidback atmosphere offers touches of glamour and sophistication, while its bustling cities are surrounded by cosy pink cottages, blue lagoons and coconut groves. Often referred to as "the little England of the Caribbean," the island's language, lifestyle and architecture reflect its rich British heritage. The Garrison area near Bridgetown, a UNESCO World Heritage Site, is a must-see for history buffs. Visitors might also attend a polo match, discover the story of the island's renowned rum, dine on flavourful Caribbean delicacies, stroll powdery beaches, or dance away nights to the swaying rhythms of a calypso band.

SAINT LUCIA

One of the Caribbean's best-kept secrets, Saint Lucia's coastline is nothing short of amazing with its secluded coves and unspoiled beaches. The two sugarloaf-shaped volcanic cones, known as the Pitons, are a UNESCO World Heritage Site and the island's most impressive landmarks. Complementing its shores are miles of lush rainforest, sparkling waterfalls and the world's only "drive-through" volcano, providing a landscape of stunning vistas. While Saint Lucia's official language is English, an early French influence can be seen in place names, cuisine and architecture. The charming town of Soufrière features many lovely French-style buildings that are reminders of a bygone era. Saint Lucia offers a multitude of activities for adventure seekers, including ziplining, horseback riding, ATV rides, jungle biking, and more. The underwater caves and coral reefs are a magnet for snorkelling and scuba diving. Nature lovers can sail the island's crystal-clear waters to spot dolphins and whales.

THE GRENADINES

Sun-kissed beaches. Turquoise waters. Swaying palms. The 32 islands of Saint Vincent and The Grenadines offer all the hallmarks of a tropical Caribbean paradise, while remaining free of the tourist crowds of better-known islands. This is the authentic Caribbean, virtually untouched by time. Among the islands is Palm Island, our very own private island resort. The Grenadines are popular with celebrities and royalty seeking a secluded hideaway. Britain's Princess Margaret owned a villa on Mustique, an island now synonymous with the jet-set world. Overall the islands offer a diversity of lifestyles from yachts and trendy boutiques to ramshackle rum shops and century-old cafés. A lush rainforest, volcano, waterfalls, coral reefs and lagoons offer a wealth of activities from hiking, swimming and sailing to snorkelling, diving and turtle watching.

HAMMOCK COVE RESORT • ANTIGUA

ELEGANT SECLUSION COMING SOON

Antigua's newest All-Inclusive, Adults-Only retreat is set to open late summer 2019.

Hammock Cove offers an impressive location, just a few hundred yards from Devil's Bridge National Park, a UNESCO World Heritage Site. The resort overlooks bright, turquoise waters with stunning, yet calming vistas across a protected bay with the Caribbean Sea as its backdrop.

Every aspect of the Adults-Only Hammock Cove is designed with discerning adult travellers in mind. Freestanding private villas create a sense of elegant seclusion, yet delicious dining, hand-crafted cocktails, and a relaxed social scene are all just steps away.

Each private, single-story villa will be beautifully appointed with custom furnishings, upscale amenities, and high-end finishes that will make you feel as appreciated and valued as the million dollar view from your spacious verandah.

All in the detail ... each villa's verandah includes its own infinity-edge plunge pool, luxurious sun loungers, a hanging papa san chair, and bespoke personal cocktail counter and temperature controlled wine cooler. Inside, modern Caribbean décor, rich wood furnishings, and an artfully created king-size bed invite you to take a deep breath and let time slow down.

The villa bathrooms are spectacular, with hand-selected tiles, dual sinks, and huge nature-inspired showers featuring four showerheads and pebbled basins with linen and pebble wall accents.
